

Shells

Paatos

See me, see who I am
Under my shell
Be with me, I will let you in
Under my shell

Living out our lives behind these walls caving in
Losing our humanity as we die inside our shells

Talk with me, tell me what you mean
We'll work it out
Yell at me, I will never leave
We'll make it right

Living out our lives behind these walls caving in
Losing our humanity as we die inside our shells

Feel me, feel the real me
Deep down inside
See me, see who I am
Under my shell

Living out our lives behind these walls caving in
Losing our humanity as we die inside our shells
