

Cheese

PACKS

Why you wanna walk there? You shouldn't go alone
They're lining up the cross-hairs in my favorite danger zone
I feel at home

In the belly of the beast all day
It's a treat for the eyes
Sanitize your fingers before you touch mine

Why you always workin' in the empties and refill zone?
There's never anybody you can truly call you own
Or feel at home

In the belly of the beast all day
It's a treat for the eyes
Sanitize your fingers before you touch mine
