

Hangman

PACKS

All choked up
Sweating through my shirt
Drooling on the sheets
Cause tomorrow it'll hurt

There's that guy
Smiling with his eyes
Devil makes you shake
But he makes you feel alive

And who am I?
I scream as I play hangman
Who am I?
I cut the tape with my teeth
Who am I
To entertain you with all these ideas?

Way back when
Just around the bend
Feeling pretty good
But tomorrow it could end

There's that guy
Staring at your eyes
Devil makes you pay
And he makes you wanna die

And who am I?
I scream as I play hangman
Who am I?
I cut the tape with my teeth
Who am I
To entertain you with all these ideas?
