'Cause you took it apart
And it this new configuration
Fucked up, now you gotta restart

Gotta restart, gotta restart
Gotta restart, gotta restart
Gotta restart, gotta restart
Gotta restart, gotta restart

It'll work when no one's watchin'
Come on now, come and see
Don't you wanna be impressed by something?
Don't you wanna see to believe?

See to believe? See to believe?
Gotta restart, gotta restart
Gotta restart, pieces apart
Gotta restart, gotta restart

Li-li, li-li-li-li
Li-li, li-li-li-li
Li-li, li-li-li-li
Li-li, li-li-li-li

It'll only work once now
'Cause you took it apart
And in this new configuration
Fucked up, now you gotta restart
