

Everybody Get Up

Paddy and the Rats

You're working all the week
Waiting for your pay
Coz you cannot miss
That party on Saturday
Take an icy bottle
Russian vodka XL-size
Gonna need a perfect cure
That can hypnotize

No, we don't wanna choose
Gonna drink up all the booze
All the cheesy cocktails by Tom Cruise
We'll drink, fight, rock tonight
Just buy me another round

Everybody get up
Everybody get down, down, down
Just feel the power of the music
When your friends are all around
Everybody get up
Everybody get down, down, down
Let's spread the music not the virus
Let's get party all around

Everybody get up
Everybody get down, down, down
Everybody get up
Everybody get down, down, down

When you're fed up with your boss
What can you say?
There's nothing that your
Middle finger can't explain
No worries 'bout the payroll
Or getting fired
Life is just a bitch
Telling nasty lies

No, we don't wanna choose
Gonna drink up all the booze
All the cheesy cocktails by Tom Cruise
We'll drink, fight, rock tonight
Just buy me another round

Everybody get up
Everybody get down, down, down
Just feel the power of the music
When your friends are all around
Everybody get up
Everybody get down, down, down
Let's spread the music not the virus
Let's get party all around

Everybody get up
Everybody get down, down, down
Everybody get up
Everybody get down, down, down

Everybody get up

Get up, get down
Get up, get down
Get up, get down
Come on everybody move around
Get up, get down
Everybody

Everybody get up
Everybody get down, down, down
Just feel the power of the music
When your friends are all around
Everybody get up
Everybody get down, down, down
Let's spread the music not the virus
Let's get party all around

Everybody get up
Everybody get down, down, down
Everybody get up
Everybody get down, down, down

Everybody get up
Everybody get down, down, down
Everybody get up
Everybody get down, down, down

Everybody get up
