

Rumble Outta Here

Paddy and the Rats

Whey hey our love is crumbled
Whey hey you always humble me
It hit me everyday
Rumble outta here

Whey hey our love is crumbled
Whey hey you always humble me
It hit me everyday
Rumble outta here

I gotta go now
Too many bitter words ain't let me sleep
You pushed me too deep
I don't know why
This story ends up with a major scar
In a cheap whiskey bar

When you call me up
I'm blowing you off girl
Get my life set up
Now it's my turn
You can't hold me up
I open up the world
But first some nice liquor

Whey hey our love is crumbled
Whey hey you always humble me
It hit me everyday
Rumble outta here

Whey hey our love is crumbled
Whey hey you always humble me
It hit me everyday
Rumble outta here

You're just so far
Your face is fading like a wilted flower
Has gone from my mind
All I need now
Friends and party
Going on right now
All through the night

When you call me up
I'm blowing you off girl
Get my life set up
Now it's my turn
You can't hold me up
I open up the world
But first some nice liquor

Whey hey our love is crumbled
Whey hey you always humble me
It hit me everyday
Rumble outta here

Whey hey our love is crumbled

Whey hey you always humble me
It hit me everyday
Rumble outta here

Why are we running away
When feeling the pain
Through the scar remains
Falling 'cause we are
So tired and weak
And shy to speak

You can't hold me up
I open up the world
But first some nice liquor

Whey hey our love is crumbled
Whey hey you always humble me
It hit me everyday
Rumble outta here

Whey hey our love is crumbled
Whey hey you always humble me
It hit me everyday
Rumble outta here

Whey hey our love is crumbled
Whey hey you always humble me
It hit me everyday
Rumble outta here

Whey hey our love is crumbled
Whey hey you always humble me
It hit me everyday
Rumble outta here
