

# VODKA

**Paddy and the Rats**

Vodka, my little pretty  
I wanna drink you, baby  
Beautiful Vodka, my little sweetie  
Let's get drunk now with me

Hey you, will you be my last temptation?  
Hey you, what's so magical in you?  
I say, hey you, do you lie to me 'bout Eden  
Just like you always do?

'Cause everybody say I'm too addicted to you  
Stole my money, my heart, motivation too  
You're femme fatal, a demon, my killer queen, it's true  
Suck my damned soul out, but I don't wanna party without you
