

# Without You - I Don't Wanna Dance

Paddy and the Rats

It's summertime evening when I seek a romance  
It's a blueberry feeling and I just wanna dance  
It's predestination deep in your glance  
Surely I knew it since you took my hands  
Without you, I don't wanna dance  
Without you, I don't wanna dance

Look for the sweet girl with the sun in her eyes  
I'm hungry for loving, she's my dopamine pie  
There's fate and summer wine mixed in your glass  
You lead on me so I don't have a chance  
Without you, I don't wanna dance  
Without you, I don't wanna dance

Our hearts beat together  
It gives us the rhythm  
And it takes forever  
I just wanna dance  
The sunshine is purple  
We need no rehearsal  
So without you, I don't wanna dance

It's summertime evening when I seek a romance  
It's a strawberry feeling and I just wanna dance  
It's predestination deep in your glance  
Surely I knew it since you took my hands  
Without you, I don't wanna dance  
Without you, I don't wanna dance

Our hearts beat together  
It gives us the rhythm  
And it takes forever  
I just wanna dance  
The sunshine is purple  
We need no rehearsal  
So without you, I don't wanna dance

Our hearts beat together  
It gives us the rhythm  
And it takes forever  
I just wanna dance  
The sunshine is purple  
We need no rehearsal  
So without you, I don't wanna dance

Our hearts beat together  
It gives us the rhythm  
And it takes forever  
I just wanna dance  
The sunshine is purple  
We need no rehearsal  
So without you, I don't wanna dance

Without you, I don't wanna dance  
Without you, I don't wanna dance  
Without you, I don't wanna dance  
Without you, I don't wanna dance
