

Frontier Cthulhu

Paganizer

A whole new world
to be conquered
a continent to begin with fear

A new beginning
the start of a new era
but horrors dwelled there from aeons before

The hordes of the ancient
roam these shores at night
the breed of aeons
awakening to claim your lives

The ones who dwell beneath
sleeping undead still
their cults of worship grows in the shadows

Frontier Cthulhu
a new horror
for those who conquest these lands afar

Frontier Cthulhu
an age old horror
frontier Cthulhu
rising again
