

# It's Alright

Pages

Say it's alright  
Change this situation  
It wasn't meant to be  
Ooh, don't you see?  
It was alright  
We just let it slip away  
Oh darlin', I just wanna hear you say

It's alright  
Don't you worry, baby  
It's alright

Ain't no secret I wanted you to stay  
Come on, baby, let me hear from you  
So many memories are rushing back again to me  
Remember how good things used to be?

And say it's alright  
End my desperation  
You can change it  
This wasn't meant to be a tragedy  
'Cause it was alright  
Till we let it slip away  
I wanna hear you say it's alright

Say it's alright  
And end my desperation  
You can change it  
This wasn't meant to be a tragedy  
It was alright  
Till we let it slip away  
I want to hear you say it's alright  
(Say it's alright)

Say it's alright  
And end this desperation  
You can change it  
It wasn't meant to be a tragedy  
We let it slip away
