No one can save you, nobody wants to 'cause you've gone too far Sharp as a knife's edge, is the edge of your bed, so in control You make it seem, it's all a bad dream, you were never told

Oh Sesatia, I wanna save ya, don't be a hard chase, I'm gonna c hange ya

Your eyes were candy, your flesh was handy to an easy mark Pearly white necklace, icy cold bracelets, pain and pleasure ch ains

They were a matched set, it was a bad bet, such a sordid scene

Oh Sesatia, I wanna save ya, don't be a hard case, I'm gonna ch ange ya

Oh Sesatia, I wanna save ya, don't be a hard case, I'm gonna ch ange ya

You took it out one time, but you didn't come back You think it's just so fine, but it ain't gonna last

(Solo)

They were a matched set, it was a bad bet, such a sordid scene

Oh Sesatia, I wanna save ya, don't be a hard case, I'm gonna ch ange ya

(repeats out)
