

Cry Holy

Paige Lewis

Turns out, Im not everything I thought I'd be
Turns out, Im not very much at all
Right now, Im not exactly where I wanna be
Right now, my pride is waiting for the fall
Take me, Lord, break me I am willing to be made like You
Chorus
Let my life cry holy, holy
Let my life scream holy, holy
I do believe that you're the only way
So let my life cry holy
Ive turnedIve wandered from the road I used to walk with You
Ive turned into the creature I am now
Ive lost sense of direction and I wanna be with You
Im lostwont you turn my world around?
Take me, Lord, break me I am willing to be made like You
Chorus
Bridge
I want to be like You, love (4x)
