## Pain Of Truth

This falls on you

There's no point in even trying to talk  
How could you have something to say? You already said so much (Behind my back)  
You're sweating 'cause of what you're expecting, you know what happens next  
That's the only thing that you've been right about yet (Fuck you)  
Heard it right, it's at the top of my list  
Looking for trouble, sometimes trouble finds you quicker than you think  
(This falls on you)  
I don't need to explain or tell you how I feel  
LINYHC, motherfucker, yeah, you know the deal

I'm not the only one you've been talking about  
The list goes on, you got more problems than just running your mouth  
Should've thought a little harder before crossing the line  
Watch your back, stick to your word, you stuck a knife in mine, huh-huh

There's no point in even trying to talk  
I'm laughing 'cause you're crying, it's simple (You fucked up)  
Sweating 'cause of what you're expecting, you know what's happens next  
That's the only thing that you've been right about yet, fuck you

I'm not the only one you've been talking about  
The list goes on, you have more problems than just running your mouth  
Should've thought a little harder before crossing the line  
Watch your back, stick to your word, you stuck a knife in mine  
This falls on you
