Blackheath

Palace

What would they say
If I ruled the world
Blackheath someday
Oh, I've lost my mind too many times

Going to catch you for sure
Cradle snatcher, no more
Toothless bastard. I saw
Final chances, no more

Now I find when I've told you not to go
Peace of mind is mine so let it go

Woman, save me
I've been trying
Yeah, I am dying
Since I've been spying

What would they do?
If I ran this town
Bebleon help me
Oh, you've blessed my time so many times

We'll defeat them for sure
I'll mistreat you know more
You'll complete me to my core
We'll destroy this blood war

Now I find when I've told you not to go
Peace of mind is mine so let it go

Woman, save me
I've been trying
Yeah, I am dying
Since I've been spying
