She's the devil's daughter  
She'll burn your lover  
Through a simple gesture

Yes, I'm a devil, devil

Feasted on like a vulture  
Feasted on like a-

Out of the blaze, I dive  
Into the golden sky  
Under the violent you  
Friend of the dark, she said  
Black out the spark, I'm dead  
Knife in the tongue, so cruel

Devil, devil  
Sell your soul whole to the wayside  
Take it all, show from the first night  
Yes, I'm a devil, devil  
Sell your soul whole to the wayside  
Take it all, show from the first night

Devil, devil, devil, devil  
Devil, devil, devil, devil
