

No Other

Palace

No more surprises
There's nothing left to say
It's like the rivers are now flowing, slowly
My soul breaks purely, freely
To the mouth of the ocean
I want to find this river
This river, river
No more dividing
I wanna live for my vision
And I'll see you someday soon

Oh, oh, oh, oh
You're like no other
Let's blossom into lighter days
Oh, oh, oh, oh
Just like your mother
I'd die to see your future ways

Lit up my mind
With the words that you spoke to me
Settle my time with your presence
In this cage that you broke for me
And I'll see you someday soon

Oh, oh, oh, oh
You're like no other
Let's blossom into lighter days
Oh, oh, oh, oh
Just like your mother
And I'd die to see your future ways
Oh, oh, oh, oh
You're like no other
Let's blossom into lighter days

It's not you
It's not you
It's not you
It's not you
Oh, oh, oh, oh
It's not you
Let's blossom into lighter days
Oh, oh, oh, oh
It's not you
And I'd die to see your future ways
