

## Settle Down

Palace

Emotion, we all  
Connection, so far  
Settle prime, we'll never die when we're alive  
Another sign, we'll never hide forever tied

We feel pressure to find something  
A substance, yeah  
You're my hurricane  
I want to be something  
You're my oxygen, yeah

Devotion, to our blood  
The ocean, my feelings flood  
Isabelle you know me well, I've given hell  
We should drill beyond the nail like time will tell

We feel pressure to find something  
A substance, yeah  
You're my hurricane  
I want to be something  
You're my oxygen, yeah

Settle down, settle down  
Settle down, settle down  
I'm yours

Settle down, settle down  
Settle down, settle down  
I'm yours

You're my hurricane  
You could be something  
I'm sorry for my thoughts  
You're my constant
