

Be Here

Palaye Royale

Go on, tell me not to cry
But you see me fighting the tears in my eyes
I'm saddened once again, can't you see
All this pain is haunting me

I don't wanna live this way
I don't wanna be here anymore
I can't live with this pain
I just wanna feel something more
Everytime you walk away
And everytime I numb my pain
I don't wanna live this way
I don't wanna be here anymore
I don't wanna be here anymore
I don't wanna be here anymore

I remember when I was a child
My daddy hit me every once in a while
Mama left him, destroyed my family
Ignore the fact that she started doing the same to me

I don't wanna live this way
I don't wanna be here anymore
I can't live with this pain
I just wanna feel something more
Everytime you walk away
And everytime I numb my pain
I don't wanna live this way
I don't wanna be here anymore
I don't wanna be here anymore
I don't wanna be here anymore
I don't wanna be here anymore
I don't wanna be here anymore

Don't go my love
Don't call my bluff
Don't go my love
Don't go my love
Don't call my bluff
Don't go my love

I don't wanna live this way
I don't wanna be here anymore
I can't live with this pain
I just wanna feel something more
Everytime you walk away
And everytime I numb my pain
I don't wanna live this way
I don't wanna be here anymore
I don't wanna be here anymore
I don't wanna be here

Don't go my love
Don't call my bluff
Don't go my love
Don't go my love
Don't call my bluff

Don't go my love
Don't go my love
Don't call my bluff
Don't go my love
