

## Mrs. Infamous (My Sweetness)

Palaye Royale

My sweetness  
Where do you go?  
When your friends tell me that you're out  
When you told me you're at home  
So I follow you into the ground  
I'll follow you anywhere, my babe  
I'll follow you round and round

Smoke my last cigarette  
You run me dry  
I try and catch your name  
You leave me wondering why  
You got my heart  
With just one look  
As I laid my eyes on you, yeah  
You read me like a book

Don't take me for a fool  
Cause I'm not a pretty fool  
I may seem kind to you  
But I'll rip your heart in two  
(I'll rip your heart out!)

My sweetness  
Where do you go?  
When your friends tell me that you're out  
Got me on my tip-toes  
I'll follow you into the ground  
I'll follow you anywhere, my babe  
I'll follow you round and round

Dance around my room  
In your underwear  
Oh you look at me like you  
Just don't really care  
I loved you madly all the time  
I loved you madly, yeah  
I loved you blind

Don't take me for a fool  
I'm not your petty fool  
I may seem kind to you  
But I'll rip your heart in two  
(Oh, no!)

My sweetness  
Where do you go?  
When your friends tell me that you're out  
Got me on my tip-toes  
I'll follow you into the ground  
I'll follow you anywhere, my babe  
I'll follow you round and round

Missus Infamous  
Missus Infamous  
Missus Infamous  
Missus Infamous

I finally figured out  
What I'm singing about  
About a guy that loves a girl so much  
He's gonna put her in the ground  
(No, really!)

My sweetness  
Where do you go?  
When your friends tell me that you're out  
Got me on my tip-toes  
I'll follow you into the ground  
I'll follow you anywhere, my babe  
I'll follow you round and round

Missus Infamous
