

# You'll Be Fine

Palaye Royale

I see it in those eyes  
You're so damn hypnotized  
You wanted to pretend the voice you hear is not in your head  
You wanted to escape but you're not that innocent  
Just stay for the show but don't turn around because mama say d  
on't go

Oh no no no, no mama say don't go

I'm looking for you out there  
I'm looking for truth inside your stare  
I'm looking for you outside cause I mean it  
No I mean it you'll be fine

I'm looking for you this way  
But you don't hear a word I say  
I'm looking for you this time  
Cause I mean it yeah I mean it you'll be fine

Well I can see the way she sleeps  
Tonight I find a better peace of mind  
In her eyes oh her eyes oh her eyes yeah  
In her eyes oh her eyes oh her eyes

I'm looking for you out there  
I'm looking for truth inside your stare  
I'm looking for you outside  
Cause I mean it yeah I mean it you'll be fine  
I'm looking for you this way but you don't hear a word I say  
I'm looking for you this time  
Cause I mean it yeah I mean it you'll be fine

I see it in those eyes  
You are so damn hypnotized  
You wanted to pretend the voice you hear is not in your head

I'm looking for you out there  
I'm looking for truth inside your stare  
I'm looking for you outside  
Cause I mean it yeah I mean it you'll be fine  
I'm looking for you this way but you don't hear a word I say  
I'm looking for you this time cause I mean it  
Yeah I mean it you'll be fine
