

Fall To Pieces

Pale Waves

I wish somebody said
We're gonna lose love again
Get caught up in my head
And I'm full of regret
I tell myself this time
It's not about me, myself and I
You forgive me for last night
But you won't look me in the eyes

Do we push too much (I just can't keep this up)
Enough's enough (Don't wanna give you up)

How long till we fall to pieces
It's too much to take
Are we about to break?
Can't help we're each other's weakness
Run back every time cos it keeps us alive
How long till we fall to pieces
How long till we fall

I know most of the time it's all because of me
And when I'm not sober I never see clearly
I love your mouth but hate what comes out of it sometimes
So don't take all the blame
It's half yours and half mine

How long till we fall to pieces
It's too much to take
Are we about to break?
Can't help we're each other's weakness
Run back every time cos it keeps us alive

We say things that we don't mean
Diluting us into nothing
Wake up right now and see
Without you I'm so empty
I put my pride aside
It's not about me, myself and I
Can we fix it and make it right
You're the best part of my life

How long till we fall to pieces
It's too much to take
Are we about to break?
Can't help we're each other's weakness
Run back every time cos it keeps us alive
How long till we fall to pieces
How long till we fall
