

Lies

Pale Waves

You called it love but it never had that feeling
Ripped out my heart and left it bleeding

Do you feel happier yet?
Do you say some things you regret?
'Cause I'm feeling better alone
But I know, I know, I know
You messed me up, yeah, real bad
Can't take those stabs in the back
I know I'm better than that
But I'm sure, I'm sure I'm in over my head

You called it love but it never had that feeling
Ripped out my heart and left it bleeding
Empty talk, but it never had no meaning
Stuck here just staring at the ceiling
Now it's overdue
'Cause I'm so over you
Call me blind but it was the last time
'Cause all your lies, they just caught up with you

And all those secrets I told
You used to get your control
So hot and then you're so cold
It's too late, too late, I'm in over my head

You called it love but it never had that feeling
Ripped out my heart and left it bleeding
Empty talk, but it never had no meaning
Stuck here just staring at the ceiling
Now it's overdue
'Cause I'm so over you
Call me blind but it was the last time
'Cause all your lies, they just caught up with you

All your lies, they just caught up with you
All your lies, they just caught up with you

All the years that went by
Kept me in the dark why
I'll forgive but I won't forget, woah
Yeah, we all make mistakes
But yours I just can't shake
You're now a little too late

You called it love but it never had that feeling
Ripped out my heart and left it bleeding
Empty talk, but it never had no meaning
Stuck here just staring at the ceiling
Now it's overdue
'Cause I'm so over you
Call me blind but it was the last time
'Cause all your lies, they just caught up with you

All your lies, they just caught up with you
All your lies, they just caught up with you
