

# Odd Ones Out

Pale Waves

It never changes through the years  
Anything this good will bend and break  
Still remains my biggest fear that this love will turn into hate  
The exception to the rule  
Or am I just waiting to be fooled?  
We may lose our clarity  
But I will fight for us to see

The odds are against us  
I'm asking you to try  
Love me through it all  
All the lows and all the highs

(Ooh, ooh, ooh)  
Let's be the odd ones out this time  
(Ooh, ooh, ooh)  
We'll take the good and the bad sides  
They'll think that we'll sink  
But I know we're not ordinary  
(Ooh, ooh, ooh)  
Let's be the odd ones out this time

Too much love fades away  
This world is built for it all to decay  
We're only human, both of us  
And we'll keep making countless mistakes

We might fall apart, but I'll fix us every time  
I'll love you through it all, all the lows and all the highs

(Ooh, ooh, ooh)  
Let's be the odd ones out this time  
(Ooh, ooh, ooh)  
We'll take the good and the bad sides  
They'll think that we'll sink  
But I know we're not ordinary  
(Ooh, ooh, ooh)  
Let's be the odd ones out this time

(Ooh, ooh, ooh)  
Let's be the odd ones out this time  
(Ooh, ooh, ooh)

They'll think that we'll sink  
But I know we're not ordinary  
(Ooh, ooh, ooh)  
Let's be the odd ones out this time
