Only Problem

Pale Waves

You can call me naïve
For hoping you would fix me
I'm foolish to believe
You could pick up the pieces

Push me pull me back
When there's nothing left
'Cause that's what you do best

I'm thinking maybe you're the only problem
I can't figure out
Pulling me up from the bottom
Just to watch me drown
Now I guess I have to do this on my own
Baby it's time to let you go

I feel so pathetic
Forever thinking you were somebody else
Although I regret it
I can't help but to think of you now

Push me pull me back
When there's nothing left
'Cause that's what you do best

I'm thinking maybe you're the only problem
I can't figure out
Pulling me up from the bottom
Just to watch me drown
Now I guess I have to do this on my own
Baby it's time to let you go

Every bad thing I would do
It was always with you
But I stepped back
It was hard for me to see
That the problem wasn't me
It was you you you

I'm thinking maybe you're the only problem
I can't figure out
Pulling me up from the bottom
Just to watch me drown
Now I guess I have to do this on my own
Baby it's time to let you go
