

Perfume

Pale Waves

My mother said when I want something, I never let it go
Call me obsessed but I don't mind just as long as it's all mine
When I saw you, I knew it was over
I just laid down and surrendered
Oh, laying in the fields with you
Please tell me that we can make this last forever
Forever

I wanna make, I wanna make you
I wanna make, I wanna make you
I wanna make, I wanna make you
My girl, yeah
I wanna make, I wanna make you
I wanna make, I wanna make you
I wanna make, I wanna make you
My world
My world, yeah

Sleep beside me
Come and see my dreams, my fears, and stay right here
Taste me with your mouth
Believe me, I can give you what you need
Your perfume on my skin
Can our love just begin?
Won't you let down your guard and walk into my arms?

I wanna make, I wanna make you
I wanna make, I wanna make you
I wanna make, I wanna make you
My girl, yeah
I wanna make, I wanna make you
I wanna make, I wanna make you
I wanna make, I wanna make you
My world
My world

I wanna make, I wanna make you
I wanna make, I wanna make you
I wanna make, I wanna make you
My girl, yeah
I wanna make, I wanna make you
I wanna make, I wanna make you
I wanna make, I wanna make you
My world
My world, yeah
