Run To

Pale Waves

I know I keep you up at night
It's hard on you most of the time
You wanna hold me
I know you worry
I'm not doing A-class drugs like you think
Cutting off my hair and dying it pink
Don't you see, small towns ain't for me?
Called my phone now 18 times
My friends are in the back and they're getting high
A love like yours, it'll never die

I'll fall down and I'll hit the ground
I miss having you around
But I'm a big girl now

It's always you
That I run to
It's always you
That I run to
If you were to go
What would I do?
It's always you
It's always you

Hey life is going well
Except my mental health

I'm not giving myself away every night
My body is the only thing that is mine
But I've found someone to take life on
I've not really changed much at all
Still being me, wearing the same clothes
Still not picking up my phone

Tears might fall
You're always there for me, I know
I'll be fine on my own
'Cause I'm a big girl now

It's always you
That I run to
It's always you
That I run to
If you were to go
What would I do?
It's always you
It's always you

Hey life is going well
Except my mental health
