

Who Am I?

Pale Waves

Drag my feet off the ground
I'm slowly sinking down
I'm having a hard time
I feel trapped
I feel obliged
Where am I supposed to go?
When I feel like I've got nowhere to go
How am I supposed to cope?
When I feel like I'm losing every hope

Who am I?
I need a sign
Does anybody know?
How do I live a life
Where I don't feel this low?
This low
Does anybody know?

The hours they turn to days
Nothing excites me the same
Drowning in my own mind
I'm being left behind

What am I meant to say?
When you tell me that I'm gonna be ok
Why should I just pretend?
When we both know that it's gonna come to an end

Gotta find and love myself

Who am I?
I need a sign
Does anybody know?
How do I live a life
Where I don't feel this low?
This low

Who am I?
I need a sign
Does anybody know?
How do I live a life
Where I don't feel this low?
This low
Does anybody know?
