

Wish U Were Here

Pale Waves

I miss the way you say my name
I love hearing you talk
Being so far away is such a shame
Sick of touching myself in the dark

I look at pictures of you
I'm getting nothing back
If there's really a God
Why won't she give me that?

Sitting on the floor
Wishing that you were here
Life is unfair, just want you near
I'm breaking down
I feel nothing now

Crying on the floor
Wishing that you were here
Life is unfair, just want you near
I'm breaking down
I just need you now

I look at pictures of you
I'm getting nothing back
If there's really a God
Why won't she give me that?

Sitting on the floor
Wishing that you were here
Life is unfair, just want you near
I'm breaking down
I feel nothing now

Crying on the floor
Wishing that you were here
Life is unfair, just want you near
I'm breaking down
I just need you now
