

Bite The Curb

Paleface

Wake up wake up fuck you
Wake the fuck up
Total disrespect

My hatred makes you bite the fucking curb you son of a bitch

You dumb mother motherfucker go bite the curb
Let's get your teeth to the curb
Watch them break apart while I smirk
Grind your fucking teeth to the bone
Oh you will never come home
Every tooth is a sin
So get them out with a grin
So let's get them out with a grin

What's that? Off oh, oh You can't speak?
Haha we haven't even reached the peak
Death is the salvation you so dearly desire

Can't you stop fucking speaking for a while?
Let me help you get your fucking teeth out
Come watch them dance. Get your teeth out

The sound is so facinating to me
Please don't ever leave me
What's that? You have no more teeth?

Let me cut that throat so you're finally beautiful to me
A lifeless body has no use to me
