

Inevitable

Paleface

(This is the last selection)

This is Paleface, you motherfuckers
Back with the final chapter to fuck all of you goddamn snitches
Yeah, you wanted this shit, now we turn this whole game
Into a motherfucking crime scene

Nobody can stop us anymore

The time has come for all of you to say goodbye to planet Earth
You cannot stop us (You cannot save you)

Yes, we're fucking back, bitches
Go, try to hide, try to pray and you will see nothing will change
This is gonna happen and you can't affect it at all
Cannot affect it at all
Cannot affect it at all, fuck
