

Selfish Cunts

Paleface

You can't face the real problems of this world because
You are occupied with sucking the dick of your god
I want you to stop pretending everything is fine
Open your eyes and see what you fucking created
We are the owners of this fucking planet
Not you, you fucking scumbags, get down you fuckers
It's time to fucking slaughter all of you cattle
'Cause there is no need for you selfish cowards

I want you to see the coward
Hiding behind the curtain of lies
Spitting its poison through your eyes
Servant filth will fertilize

I want you to stop pretending everything is fine
Open your eyes and see what you fucking created
We are the owners of this fucking planet
Not you, you fucking scumbags, get down you fuckers
It's time to fucking slaughter all of you cattle
'Cause there is no need for you selfish cowards

It's time to fucking slaughter all of you cattle
'Cause there is no need for you selfish cunts

YOU SELFISH COWARDS
