

Brother, selfish Molly has a way
Of making any plans for her day

'Cause she (I like) only knows (I like)
How to love (I like) all alone (I like)
In a bed (I like) stained by old friends (I like)
I swear, I swear, I swear
You better stick with me

Mother, selfish Molly had us fooled
Milking all the dudes 'til they bruise

'Cause she (I like) only knows (I like)
How to love (I like) all alone (I like)
In a bed (I like) stained by old friends (I like)
I swear, I swear, I swear
You better stick with me

Oooh, selfish Molly
Oooh, selfish Molly
Oooh, selfish Molly
Molly, Molly, Molly
