

Pet Carrot

Palehound

I've got a pet carrot
My best friend is a parrot
And I say things that he don't mind
So he say things that he don't mind

Tattooed and on merit
My best friend is a parrot
And I say things that he don't mind
Yeah he say things that he don't mind

Set some knuckle space away from this
Set some knuckle said away from this

My heart a beginner
My true love was a sinner
And she said things that she don't mind
Yeah I said things that she don't mind

And bundled up in summer
My true love was a bummer
And he said things that he don't mind
Yeah I said things that he don't mind

Set some knuckle space away from this
Set some knuckle said away from this
From this, from this, from this
