

## Last of the Summer Wine

Palma Violets

But love isn't easy,  
That's just where it goes  
Well, I'm loving the high road  
And I'll ride alone again!  
I'm searching for something  
Something I love!  
We'll be searching through and right over we go  
I'm going again

Over and over and over again  
Under and under and under again  
Over and over and over again  
I'm going again!  
Over and over and over again  
Over and over and over again  
Go, I'm going again!

On my day, fade all the way  
Fade on my day  
Fade all the way!
