

Tom the Drum

Palma Violets

Oh you, I want to be alone
I want to talk to Tom
He knows more than you do
And we're bound to get along

Oh you, I don't wanna come and play
On your rollerblades today
I'd rather be with Tom
He always sings along

Down...

Oh Tom, this human race
He always wins the race
Sent outta space
Get out of space

Hey hey hey
I want you to know
I got you to know
Don't you, I love....
