

Bambina

Pamungkas

Thank you for stopping by
Leave the door wide open
I wanna see you
Looking back as you leave
With your little smile
And one hand waving free
It's a pleasure knowing you

Goodbye, Bambina
Goodbye, Bambina
Goodnight, Bambina
Goodbye, bye, bye
I'll see you later
(I'll see you later)

A part of me wants you to stay
But baby who cares what I say
Just watch, how you roam now
Take care of yourself now
Bambina it's alright
It's alright, have your way
Have a faith, don't be scared
You are loved, you'll be fine
So am I, I'm prepared
I'll be good as it should

Bon voyage, Ma belle
(Bon voyage, Ma belle)
Bambina, I'll miss you
Bambina, I'll miss you
I wish you well in all you do

(Goodnight, Bambina)
(Goodnight, Bambina)
(Goodbye, bye bye)
(Goodnight, Bambina)
(Goodbye, bye bye)
