

Nice Day

Pamungkas

I need a place to be
I need a space to be myself again
I'm ready to go
Just take me somewhere I can breathe again
Where there's so much love, oh yes
Where there's so much love I can hold again
Somewhere to call home
'Cause I had a good time, a good time

But until tomorrow
Let me forget 'bout today

'Cause every now and then
My weariness left my senses gone
And I couldn't feel a thing
And everyone, they're home
And you know from time to time
My hands are numb and my feet are dead
And I have no one to meet and hold and more
So would you just take me and take me and take me
It's been a long day
It's been a long day
It's a nice day
It's a nice day

Though I know that now
The evening's vanished to its hand
But the silence here
Somewhat is too loud for dreamin'
Still I have more
Still I have more fuel I could spend
But nowhere to go
I don't wanna find myself lonely again

Disappearing
Through the echoes of my mind
Wanderin' around
And get twisted behind
I need to end it well
Without having to ruin the whole day
'Cause it's been a nice day
It's been a nice day
It's a long day

So until tomorrow
Let me end it well today

'Cause every now and then
My weariness left my senses gone
And I couldn't feel a thing
And everyone, they're home
And you know from time to time
My hands are numb and my feet are dead
And I have no one to meet and hold and more
So would you just take me and take me and take me
'Cause every now and then
My weariness makes my whole heart lone

And I didn't mind at all
But maybe not today, oh
'Cause baby from time to time
On days like these I thought to myself
Why I have no one to meet and hold and more
So would you just take me and take me and take me
(It's been a nice day) it's been a nice day
(It's a nice day) it's a nice day
(It's been a nice day) oh, it's a nice day, yeah
(It's a nice day)
(It's a nice day)
(It's a nice day)
(It's a nice day) yeah, yeah yeah yeah

(Don't even know)
(Where to go)
(Don't even care)
(What you say)
(Could you just take me there?)
(Could you just take me there with you?)
(Don't even know)
(Where to go)
(Don't even care)
(What you say)
(Could you just take me there?)
(Could you just take me there with you?)
