

# Once

Pamungkas

You know me once  
You called me baby  
Cheek-kissed me then  
Let me win again  
I know you once  
Well I was your baby  
Gave you my lungs  
It was your birthday

I don't know how love could come in  
When I thought that lone was my calling  
I'm wrong again  
This time is strange  
It's all good

So we were us once  
Full on romance  
We had some fun  
It was the time of my life  
We made a plan to livin' the dream  
Staying together as long as forever  
And by forever  
What I mean ever and ever, you know

I don't know how love could come in  
When I thought that lone was my calling  
Guess I'm wrong again  
And this time is strange  
It's all good  
It's all good

Then november comes  
(November comes)  
Something went wrong  
(Nothing went wrong)  
No longer baby  
Well it fucked me up  
You left me once  
Said it's confusing  
"I don't know, I don't know, I don't know."

Wanted you back  
But guess what you said  
You met someone  
And you guys are talking  
You know me once  
I know you once  
We were us once  
You left me once  
I know you once  
I love you once  
I sang you once  
Now I forgive you  
Once
