

# Queen Of The Hearts

Pamungkas

Taking a walk like a champ in the night  
I walk slow but I never walk back  
Having a talk with you in my mind tonight  
You worry so much as if the world's endin'

Don't you know  
Don't you know you're better  
Than you think you are  
Don't you know  
Don't you know you're better  
Than you think you are  
Queen of the hearts  
Queen of the hearts  
You won me over  
You're the queen of the hearts

Seeing your creation over a tech application  
One two three four, did I say I adore you before?  
Your poetic mind, I can listen to you for hours  
Like a valentine, darling you talk like flowers

Don't you know  
Don't you know you're better  
Than you think you are  
Don't you know  
Don't you know you're better  
Than you think you are  
Queen of the hearts  
Queen of the hearts  
You won me over  
Queen of the hearts

Baby I don't know why  
The reason why  
You even talk to me  
I may feel odd just a little  
Strange, does it tickle?  
Can't believe its true  
Why don't u tell me why  
The reason why  
That it had to be you  
You caught me off my guards  
You did see all my cards  
Queen of the hearts  
You're the queen of the hearts  
Queen of the hearts  
Queen of the hearts  
Queen of the hearts  
Queen of the hearts  
You're the queen of the hearts
