

Slow Down

Pamungkas

Hey, pretty thing
I feel so unsure
When you're upset and cry
Want you to know
That I'm the one that loves you
No matter what

Life is cruel
And it's so unfair
That's the way it tells you
To slow down
Slow down
So, slow down

Hey pretty thing
Remember the times when you're
Free and alive
Honestly when you're like that
I feel so easy and warm
I don't know why

When your heart is weak
And it feels so heavy
You know its time let things
Slow down
Slow down
Give a little space
Give a little time
Take a little break
Breath and slow down
Slow down
So slow down

Cause I've got
A feeling about it
That it will heal forget it
Tone it down
Overcome
Slow it down
Slow it down
We shall look back
On this
Someday
And laugh
And that's alright

Make no rush
Have no hustle
Ease your pace
Sit back
Slow down
Slow down
Give a little space
Give a little time
Take a little break
Breath and slow down
Take a little break

Slow everything down
So slow down
