

The Retirement Of U

Pamungkas

The retirement of you

Well I'm feelin' like a whole, can't get any better, I'm
Together together, like together together
Not crazy over vibration or notification
I'm feelin' like a whole
I'm feelin' at my ease, I do things as I please
I faced my biggest fear and found out very clear
It's okay to be stupid, it's okay not to push it
It's okay, it's okay

Well I'm gonna loosen up for now
Gonna have a celebration

The retirement of you
The retirement of you
The retirement of you
Ooh ooh oh oh oh mm oh oh yeah

You're feelin' at your best, I hope that is the case
'Cause love, I bleed for you, did things I can't undo
My friends said, "Mate, it's alright
Be happy, future is bright
Fuck who didn't stay," Mom too said she pray
All I wanna do for now is nothing
All I wanna do for now is nothing
(I'm feelin' like a whole, can't get any better)
(Together together like together together)

It's the retirement of you
The retirement of you
Oh yeah, it's the retirement of you
The retirement of you
Ooh ooh oh oh oh mm oh oh yeah

It's the retirement of you

Yes I'm feelin' so alone, sometimes I'm on my own
I think a lot, I do, and once was about you
Then I get up for a ride, as usual midnight drive
As I'm feelin' the night, I realize I was right

It's the retirement of you
(And if I don't find replacement of you)
(You know I don't mind, I've got myself too)
It's the retirement of you, oh yes
(And if I don't find replacement of you)
It's the retirement of you, I've got myself too
(You know I don't mind, I've got myself too)
Oh I don't wanna, don't wanna, don't wanna, don't wanna
(And if I don't find replacement of you)
Oh no, love, I don't mind, love
(You know I don't mind, I've got myself too)
The retirement of you
(And if I don't find replacement of you)
I've got myself too
(You know I don't mind, I've got myself too)

(And if I don't find replacement of you)
(You know I don't mind, I've got myself too)
(And if I don't find replacement of you)
(You know I don't mind, I've got myself too)
(And if I don't find replacement of you)
(You know I don't mind, I've got myself too)
(And if I don't find replacement of you)
(You know I don't mind, I've got myself too)
