

## Into Focus

## Panama Wedding

I'm amazed  
Why would you believe in me?  
Was it faith  
Or some reasons that I couldn't see?  
But I see it all  
A double vision 20/80 VA  
Watching the nine now I'll race to the door  
They line up one-by-one, I'm counting two-by-three

No one's with me  
But a shadow walking slow  
On an empty street  
With nowhere else to go

Can we have a little less talk?  
Can we get a little more time?  
Yeah we could put it all awa-a-ay  
For a moment  
I've been working all day long  
Oh, I've been working out of my mind  
Waiting for my thoughts to sha-a-ape  
Into focus

Now it's late  
It's later and I couldn't sleep  
And the rain  
Was softer that I couldn't hear  
But I hear it all  
I hear a echo from the message machine  
Sounding away in the night down the hall  
Saying wel-wel-welcome to the new-new dream

No one's with me  
But a shadow walking slow  
On an empty street  
With nowhere else to go

Can we have a little less talk?  
Can we get a little more time?  
Yeah we could put it all awa-a-ay  
For a moment  
I've been working all day long  
Oh, I've been working out of my mind  
Waiting for my thoughts to sha-a-ape  
Into focus

Lines on the street  
Are wailing on me to slow down tonight  
But all that I need is coming to me right now  
The lines on the street  
Are wailing on me to slow down tonight  
But all that I need is coming to me right now  
Right now  
Right now

Can we have a little less talk?  
Can we get a little more time?

Yeah we could put it all awa-a-ay  
For a moment  
I've been working all day long  
Oh, I've been working out of my mind  
Waiting for my thoughts to sha-a-ape  
Into focus
