Drive

Panama

Lately I've been dreaming
The same things about you
You, down low
You, down low
The same things about you
Ooh Low

And I was looking for someone
The time we had it was never enough
Where does time go
I really want to know
Ooh ooh
Where does time go?

Push you, away so fast
Driving, and I'm thinking of you most
Everywhere, I see your face
It takes me back, to here

Getting closer to the bend
Getting closer to the bend
Ah ah
Do I stay or do I go
This is what I need to know
Ah ah
Ooh, ooh

When I'm dreaming, I'm dreaming
Ahh
When I'm dreaming, I'm dreaming
Ahh

When I try to talk to you
I can't seem to find the right words to say
Where is the ground where I can meet you
So we can both sleep soundly again

When I'm driving it's alright
This game we play, got me up all night
The pain won't go
Even when you say so
Push you, away so fast
Driving, and I'm thinking of you most
Everywhere, I see your face
It takes me back, to here

Getting closer to the bend
Getting closer to the bend
Ah ah
Do I stay or do I go
This is what I need to know
Ah ah
Ooh, ooh

When I'm dreaming, I'm dreaming
Ahh
When I'm dreaming, I'm dreaming

Ahh

When I'm dreaming, I'm dreaming
Ahh
When I'm dreaming, I'm dreaming
Ahh
