

Fade Into Black

Panama

Everytime that I go
Fade to black let her go
Every time that you go
Fade to black let her go

Now love is gone
Now love is gone
Now love is gone
Now love is gone

Now love is gone
Now love is gone
Now love is gone
Now love is gone

Looking back there's a road
Running deep in my soul
Don't look back now I go
Fade to black let her go

Now love is gone
Now love is gone
Now love is gone
Now love is gone

Now love is gone
Now love is gone
Now love is gone
Now love is gone

Oooh
Oooh
Oooh
Oooh

It's not enough
It's not enough
Fade into black
Fade into black
