

# Heartburn

Panama

If I'm feeling low  
My pulse races  
It's like I lose control  
Feel like it's heartburn, heartburn

Live like that, live like that  
And it feels like, feels like  
Live like that, live like that  
Got no colour in my life

Work it out  
Work it out  
And I know it  
And I know this

Work it out  
Work it out  
And I know it  
And I know this

Work it out  
Work it out  
And I know it  
And I know this

Work it out  
Work it out  
And I know it  
And I know this

Like I lose control  
My pulse races  
And I don't know why  
I keep lying, lying

Live like that, live like that  
And it feels like, feels like  
Live like that, live like that  
Got no colour in my life

Heartburn in my chest  
Heartburn in my chest

Work it out  
Work it out  
And I know it  
And I know this

Work it out  
Work it out  
And I know it  
And I know this

Work it out  
Work it out  
And I know it  
And I know this

Work it out  
Work it out  
And I know it  
And I know this

Though I burn  
It's you
