

# Hope For Something

Panama

I know it can be so hard to let it go  
Take your victories where you may  
You should know something good takes time anyway  
Looking back at mistakes I made long ago  
Now the dogs are barking at the door  
They're out for blood, I'm sure

Hope for something else  
Tried to realize  
There's a ghost of still life  
Electrifies me sometimes

This year, I'm gonna turn it all around again  
No more shutting out, our friends  
Don't you know something good takes time anyway  
My head is in the sand, looking back  
Don't look back, I know I was wrong  
But the hounds are howling at the door  
They're out for blood, I'm sure

Hope for something else  
Tried to realize  
There's a ghost of still life  
Electrifies me sometimes  
As I hope for the days to change  
I try to keep holding on  
You're a ghost now that's still life  
Electrifies me sometimes

Hope for something else  
Tried to realize  
There's a ghost of still life  
Electrifies me sometimes  
As I hope for the days to change  
I try to keep holding on  
You're a ghost now that's still life  
Electrifies me sometimes
