Ooh whoa
Ooh whoa
Ooh whoa
Ooh whoa
Say what you wanna
And I will believe you in the end
Can't you see that I'm older?
I know it's hard to calculate sometimes

How do you know when it's over
With every thought of you falling off my mind
Oh, I don't know if I'm up to this
And second thoughts are always in my head

Ooh whoa
Ooh whoa
There is our life
Ooh whoa
Ooh whoa
In the jungle of your heart

Say what you have to
Feels like I'm going backwards in my life
Don't you know that it feels heavy
Oh, I've been walking into walls all this time

I don't know if it's over
The past is something I keep hanging from
We were the ones who built this palisade
Circling like vultures in our heads

Ooh whoa
Ooh whoa
There is our love
Ooh whoa
Ooh whoa
In the jungle of your heart
Ooh whoa
Ooh whoa
There is your life
There is your life
Ooh whoa
Ooh whoa
In the jungle of your heart

Ooh whoa
Ooh whoa
In the jungle of your heart
In the jungle of your heart
I don't know if it's over
In the jungle of my heart
In the jungle of your heart
I don't know if it's over
Ooh whoa
Ooh whoa
Ooh whoa
Ooh whoa
