

# Left Behind

Panama

Hold me down with your love  
Everything I've lost  
I see another bend  
Out on the road

All of my mistakes  
Everything that's gone  
Hold it down in my heart  
Foot down and no brakes

Ooh, what I've left behind  
What I've left behind  
Out there on the road  
Ooh, what I've left behind  
What I've left behind  
Out there on the road

On the road, ooh  
On the road  
On the road, ooh  
On the road

Is your love gone?  
Is there another way?  
Go back to the start  
Green, red and blue

All of my mistakes  
Everything that's gone  
Hold it down in my heart  
Foot down and no brakes

Ooh, what I've left behind  
What I've left behind  
Out there on the road  
Ooh, what I've left behind  
What I've left behind  
Out there on the road

On the road, ooh  
On the road  
On the road, ooh  
On the road
