

First I saw it halve in size  
And vanish out of view  
Don't know how big it was  
Don't think that I want to

The heat it makes you lazy  
And out of phase  
It's bending you out of shape  
More than I ever  
Could  
My love  
Such a funny thing  
I don't know where you've been

You command the leaves to fall  
The Ginkgo bends at will  
I like things that keep their state  
I always get my fill

The heat it makes you lazy  
And out of phase  
It's bending you out of shape  
More than I ever  
Could  
My love  
Such a funny thing  
Don't know where you've been
