

Machine Gun Drum

Panchiko

Fall out
Capture the moment
Don't breath doubt
For the sake of your measures
And a scent, that was way back when

She rides
Out of the shadow
She rides
Into the meadow
She rides
Out of the shadow
She rides
Into the meadow

All for a scent, that was way back when
I know you meant, no pain to cauterise
The same
Old stories been told
Until it all unfolds

She rides
Out of the shadow
She rides
Into the meadow
She rides
Out of the shadow
She rides
Into the meadow

And the moments
Fading from A.M
To bits
Rapture
Capture for all there, to see it
And the moments
Fading from A.M
To bits
Rapture
Capture for all there, to see it
